Supercharge email with AI

Unlock productivity with AI that helps you read, write, schedule, prioritize, and search faster than ever before.

Collaborate efficiently with full context

Make better, faster decisions when you collaborate inside your inbox with Team Comments.

Follow up on time, every time

Set Auto Reminders to follow up when you don't hear back from a crucial email. AI will even draft replies for you when an email requires a response.

Spend less time managing your time

Get twice as much done with email and calendar together in your inbox. Move faster, stay focused, and stay in flow.

Works with tools you already use

Works seamlessly with Gmail and Outlook, and integrates with your Salesforce, HubSpot, Zoom, Google Meet, and Microsoft Teams.
